COUNCIL REORGANIZES

The first regular meeting of the Town Council following the recent elections, in which Councillors Morgan and Paresini were re-elected and W. L. Evans elected to serve the Town for the ensuing term, was held on Monday night, when the trio were duly sworn into office, a number of ratepayers being present.

Following the reading and passing of the minutes of last previous regular meeting, and report of the secretary upon the result of the elections, the following slate of committees was submitted and approved, the first named in each case being chairman:

Relief—W. L. Evans, W. McVey, W. Oakes—three "Bills".
Police—R. Fomaggi, R. Paresini, V. L. Evans.

Public Works—E. Morgan, W. L. Evans, W. McVey.
Water and Pipes—W. Oakes, R. Fomaggi, E. Morgan.

Finance—W. McVey, E. Morgan, R. Paresini.
Light—R. Paresini, W. Oakes, R. Fomaggi.

A large batch of accounts were passed for payment, if approved by the various committees.

Request on behalf of two citizens, recently bereaved, for assistance towards funeral expenses, was turned down by council, who had ascertained that, though claiming in need of assistance, each had contracted to pay up to \$215 for caskets.

The matter of light, water and tax arrears was given some consideration and it was decided that more drastic action was necessary in order to reduce the amount of delinquency. Council decided to request certain auto owners to discontinue the use of sirens other than standard, as they very often become confused with the siren of the fire truck.

BLAIRMORE BOY SCOUTS

The formation of a Scout troop and Wolf Cub pack at Blairmore is now in operation. All parents should be interested to get in first hand information of the activities of the Boy Scout movement. To those who have no knowledge of scouting activities, a special invitation is given to see for themselves the nature of the training which is given. Every assistance is given to such enquiries.

There are also those who through total ignorance of scout training, are inclined to condemn any movement which is not of the "old school" military movement. Let it be explained that military training is forbidden to Boy Scouts.

Scouts are taught: manhood, duty, loyalty, to play the game, to stand fast to one's body every day and forbidden to accept remuneration in any form, complete highness to the leader, cleanliness, crafts, swimming, life saving and many other activities to enable a boy to take care of himself and gain respect for himself and his comrades. It is a Scout's duty to be a man amongst men.

Any knowledge you may require as to the Scout movement will be gladly furnished by any of the following gentlemen: J. W. G. Chapman, J. E. Gillis, C. J. Tompkins, Rev. A. S. Partington, Rev. Father Harrington, M. Johnson, J. W. Whitehead, George Mills, Charles Emmerson, Harvey Wheatcroft, George Snaat, Junior, or any of the Boy Scouts or Wolf Cubs.

—COUT.

BLAIRMORE PUBLIC LIBRARY

Books going on the shelves this week:

"A King by Night," Edgar Wallace; "Mr. Pratt," Joseph Lincoln; "Mr. Pratt's Patients," Joseph Lincoln; "White Fawn," Olive Higgins Prouty; "The Prisoner in the Oval," A. E. W. Mason; "Further Adventures of Jimmy Dale," Frank L. Packard; "Astray in the Forest," Ellis; "Shifting for Himself," Alger; "The Japanese Earthquake of 1923," C. Davidson; "The Psychology of a Primitive People," Porcius.

Library hours are: Tuesdays and Saturdays, 7 to 9 p.m.; Saturdays, 7 to 10 p.m. Fees are \$1.00 per year for residents and \$2.00 per year for non-residents.

The death took place recently at Detroit, Michigan, of M. S. Julia Wagne, Guest, mother of Edgar A. Guest, the poet, at the age of 81. Mrs. Guest was married in England sixty years ago and came to America in 1891. She is survived by three sons, Edgar A. and Sidney J., of Detroit, and Mercy W., of Birmingham, Michigan.

CROW'S NEST PASS DISTRICT SCOUT NEWS

Executive Commissioner, Beckman, of Edmonton, who is now at Lethbridge, conducting a "scoutmaster's" vestibule training course, will spend two weeks in the Crow's Nest Pass, and will conduct a similar course in Blairmore, commencing Monday, February the 29th, in St. Luke's hall.

Scoutmasters, cubmasters, rovermasters, troop leaders, committeemen, parents and all others who are interested in the Boy Scouts' movement, are eligible to take the course. There will be no fee to join.

It is hoped that all those who are interested in boy development and good citizenship will not only make an effort to attend the lectures themselves, but will do all in their power to encourage others to do so.

Scotch folks are dying in Nova Scotia before their allotted time, for the simple purpose of availing of the opportunity there is to have kind words published for nothing.

"Fresh from the Gardens"

Are We Over-Governed?

Premier Bracken, of Manitoba, has officially advanced the suggestion that the three prairie provinces of Canada be united as one province, governed by one Legislature. He makes the suggestion solely in the interests of economy in administration, claiming that several millions of dollars could thereby be saved to the taxpayers. His suggestion is approved and supported by Hon. W. F. A. Tupper, for many years attorney-general of Saskatchewan and now a justice of the Court of Appeal of the same province. Premier Brownlee, of Alberta, has expressed doubt as to the feasibility of the proposal, while Premier Anderson, of Saskatchewan, says it is deserving of consideration but, in any event, could only be adopted following an affirmative referendum vote of the people of the three provinces and new legislation by the Dominion and Imperial Parliaments.

Premier Bracken, Mr. Justice Tupper, and others who have given support to the proposal, frankly admit there are many and great difficulties to be overcome in bringing it about, but they do not regard these as insurmountable. To mention some of these, not necessarily in the order of their importance, but as indicating the problems to be solved and difficulties to be overcome:

Today there are three capital cities, Winnipeg, Regina and Edmonton, with three magnificent and costly parliament buildings, three distinct civil services, three large and expensive universities, three sets of district, intermediate and higher courts of law, three codes of law, except the Criminal Code which is uniform as a Dominion enactment. In addition, Saskatchewan and Alberta have separate as well as public schools, while Manitoba has no separate school system.

United as one province there would, of course, be only one capital city and one government representative of the people in all the present three provinces. No doubt one of the present capital cities would be selected as the capital of the united province. The other two would object, and object strenuously, but, after all, such objections of a local and more or less selfish nature would have to be over-ridden in the larger interests of all concerned.

Inasmuch as the writer is not presenting an argument solely in favor of union, it is right to say there are other, and more serious, objections. It is argued that the individual costs imposed on people having business with the Government would be greatly increased. For example, if Winnipeg was selected as the capital, people and deputations from Alberta would be put to heavy expense of time and money in journeying to Winnipeg, while if Edmonton was the chosen site, Manitoba people would be the sufferers. To offset this, branch offices of the central government might be maintained in each present province, but, if so, the savings to be effected by union would be greatly reduced. In like manner, the expense entailed in all matters of government inspection services would be increased where government officials were required to make long journeys over the entire prairie country instead of within the smaller areas of existing provinces.

And what is true in regard to government itself would be equally true if only one university was maintained, and students had to travel much longer distances. This, however, might be partly overcome by maintaining all three but restricting the number of courses at each, instead of all attempting to cover the whole field. For example, one might specialize in law, another in medicine, another in science, etc., instead of all three duplicating these subjects, with a continual demand for more buildings, more professors, more everything.

In the matter of law administration, district courts would still be essential, although possibly the districts could be somewhat enlarged as is now the tendency in the existing provinces. But one high court of appeal could easily serve a united province. It would be a supreme court for the West, and possibly the decisions of such a court would be more readily accepted as final, thus reducing the number of appeals to the Supreme Court at Ottawa and the Privy Council in London.

Unquestionably, too, the number of civil servants could be substantially reduced, and a large saving thereby effected. In the matter of such institutions as Schools for the Blind, the Deaf, correction homes for delinquent boys and girls, homes for the aged, etc., there is, of course, no necessity for one of each in each of the present three provinces. This is already recognized, but sometimes there is difficulty in getting united action in regard to them.

Where the conditions prevailing and the interests of the people are so similar as throughout the prairies, one code of laws would eliminate much confusion and simplify administration immensely.

Finally, there is the argument that one Legislature could just as efficiently, and at much less cost, govern the whole country instead of maintaining three such bodies. In the opinion of many people this reduction in legislative representatives and expense would be the outstanding saving. The writer does not quite agree. There are at present upwards of 175 members of legislature in the three provinces, and possibly half that number would suffice, but all that would be saved would be sessional indemnities and the actual costs of two Legislatures while in session, but the one Legislature would have to remain in session for a much longer period, thus offsetting some of these savings. On the other hand, constituencies would have to be just twice as large, the effect of which would be two-fold—either ability to stand for election would be restricted to men of considerable means who could bear the expense, or sessional indemnities would have to be so increased as to enable the average man and woman to continue to be candidates.

Admittedly, only some high spots have been touched upon in consideration of this big question; it cannot be otherwise in a short article. In a fourth and concluding article in this series, some of the broad aspects of the whole subject of duplications and costs of governmental services will be discussed.

Four of every five policemen in London and vicinity are married.

CHILDRENS COLDS

Truck Load Of Petitions

Six Million Names Attached To Peace Petition At Geneva

A dash of color was lent to the disarmament conference when a tractor-drawn truck, loaded with petitions signed by 6,000,000 human beings from all parts of the world drew up at the League of Nations building at Geneva.

On the boxes and bundles of signatures sat 15 women each carrying a blue and white banner "for peace" in various languages. Streamers around the base of the truck carried the inscription "International Women's League for Peace and Freedom." A deputation from the truck paid a brief call to President Henderson.

Mrs. Juggins: "I told Mr. Beach I was thirty-five, and he said I didn't look it."
Husband: "Well, you don't. You haven't looked it for fifteen years."

Treat Radium Ores

French Expert Is Engaged By Company Operating Great Bear Lake Deposits

Announcement is made that M. Pochon, graduate of the School of Industrial Physics, Paris, has been retained by Eldorado Gold Mines, to take charge of its proposed plant for the treatment of pitchblende ore from its Great Bear Lake deposits. Mr. Pochon is said to have wide experience in the production of radium.

It is understood that Eldorado is looking for a site on which to locate a plant for the recovery of radium. An announcement to this effect is expected soon. Several locations are said to be under consideration and it is understood that the plant will be located not far from Toronto.

Officials are satisfied that sufficient high grade ore has been developed to justify a mill. At present 30 tons of ore are said to be at the end of steel ready for shipment and eventual treatment for the radium content. It is possible that Eldorado will be in production by the end of this year or early in 1933.

The company plans an extensive campaign on its property next season. Some 30 men will be taken in who will give special attention to the main property at Labine Point, although work also will be done on the Bonanza silver claims.

Phenomenon Seen

At Cleveland Plant

Both Fire and Water Issue From Same Pipe

One often hears the expression about "blowing hot and then cold," but at the Ferro Enamel Corporation's plant at Cleveland, Ohio, there is an example of both happening at once. There is a certain pipe there, leading from a well more than 500 feet deep, from which pours water at the same time a flame issues from its mouth. This phenomenon is caused by a pocket of gas in the well, the weight of the water preventing the free escape of the gas. The pocket of gas may take a lot of pumping to exhaust, but meanwhile spectators may be treated to seeing both fire and water issuing from the same pipe.

Simple Remedy For Bad Stomach Gives Swift Relief

No Need Of Strong Medicines Or Diet. Safe and Simple Home Remedies Keep You Healthy

If you are a victim of Stomach Troubles—Gas, Sourness, Pain or Bloating—try this simple remedy. It will give you relief by following this simple advice. Take strong medicines. Acidic digestants or pull down your system. You will feel better, but your stomach will not be cured. The simple remedy will keep your stomach free from souring acids that hinder or paralyze the action of the stomach. And the best and easiest way to do this is to follow every meal with one or four tablets of Bismarck Magenta. A pleasant, harmless, inexpensive, and handy tablet form of Magenta that promptly neutralizes acidity and keeps your stomach sweet and clear. A week's trial of Bismarck Magenta tablets, which any good druggist can supply at trifling cost, should quickly convince you that 90 per cent. of many stomach-distresses is absolutely unnecessary. Be sure to get Bismarck Magenta Tablets!

Better Market For Honey

Larger Demand In Britain Anticipated For Canadian Product

With 150 members in attendance the Canadian Honey Producers' Association held its annual meeting in Toronto. Morley Pettit, president, and W. A. Wear, manager, submitted reports showing that progress was being made in spite of world conditions. As a result of tariff changes it was anticipated there would be a larger demand for Canadian honey in the British market this year which would be able to compete on even terms with the California product.

Twisting the knob of a new front door lock switches on an electric light to illuminate the keyhole.

Keep Douglas' Egyptian Liniment always in the stable, ready for immediate use. Removes proud flesh and inflammation, Thrush, or Hoof Rot, and infection of cow's teat.

For Baby's Bath

More than that of any other member of the family, baby's tender, delicate skin needs the greatest care and attention. The soft soothing oils in Baby's Own Soap make it especially suitable for babies, and its clinging fragrance reminds one of the roses of France which help to inspire it.

"Its best for you and Baby too"

Facing the Facts

Any Person Who Succeeds Must Concentrate On Weak Points

If a man wants to get on in the world he must strengthen himself where he is weak. That is why so few succeed. A man does not like to think about his weak point.

There is no enthusiasm about the subjects that are most vital to our prosperity. Take from that lost money in 1930. Is it studying the cause of its losses? Is it concentrating on its weak points? Is it calling in help from outside? Generally the answer is—No. It is not. It is blaming some outside cause for its losses. It is not overhauling itself. Take an unsuccessful salesman. Is he blaming himself for his small sales? Not he. He is blaming his firm and his goods and his prices and the bad condition of trade.

It is a strange fact of human nature that most people prefer illusions to facts. They ignore their weak points and their own mistakes. The reasons why individuals and firms and nations go down. The right policy is—Concentrate on the weak points. Face the unpleasant facts.—Canada Lumberman.

For Frost Bites and Chills.—Chillblains come from undue exposure to slush and cold and frost-bite from intense cold. The best remedy is the icy winds of winter. In the treatment is Dr. Thomas' Electric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Will Interest Collectors

Limited Quantity Of Surcharged Air Mail Stamps Overprinted

A notice of interest to stamp collectors and collectors of "first flight covers," is an announcement made by postal officials that, in order to meet existing demand for a six-cent air mail stamp arrangements have been made to overprint a limited quantity of the first five-cent air mail stamp with a surcharge, raising the value to six cents.

It is expected there will be a heavy demand for the stamps, postal authorities will advise those interested to make requests for the surcharged air mail stamps to the superintendent, financial branch for postage stamp division, post office department, Ottawa, together with covering remittance at the rate of six cents for each stamp.

To meet the wishes of "first day cover" collectors, arrangements have been made to furnish advance supplies of these surcharged stamps to postmasters throughout the Dominion.

Orders Wanted

In a former depression, this letter of a merchant of German descent to his salesmen on the road, made the rounds of the newspapers:

"Ve hat received yur letter of de 13th instant, mit expense account and route list. Vot ve vont les orders. Ve vont no restrictions on yur expense of Ohio, and ve hat big families of our own to make expenses. Ve find in yur expense account tu dollars and a half for bylards. Please dont bi any more bylards for us. Vot ve vont les orders."

After 10 Years Of Asthma Dr. J. D. Kellogg's Asthma Remedy proved the only relief for one grateful user, and this is but one case among many. Little wonder that it has now become the one recognized remedy on the market. "It has earned its fame by its never failing effectiveness. It is earning it today, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity."

To Map South Pole

It was announced that H. G. Watkins, youthful leader of last year's Greenland expedition party, would head an expedition to the Antarctic next Fall. The expedition, which will sail in the early Autumn, will attempt to cross the Antarctic from Weddell Sea to Ross Sea and map the southwest coast of the Weddell Sea.

"Will you come and play at a zoo, auntie?" cried little Willie.
"Certainly, my dear," replied auntie. "But how do you play?"
"Oh, I'll be the elephant, and you will be the kind lady that feeds him with sweets and buns."

Mohammed, although enjoining single marriage upon others, had nine wives at the time of his death.

Wheat Bonus

Expected That Amount To Be Paid To Western Farmers Will Exceed Ten Million Dollars

The sum of \$23,377,448 has been paid out of the Dominion treasury to farmers in western Canada up to Feb. 5 in connection with the five-cent bonus granted as a government relief measure to growers of wheat in the prairie provinces last year.

The distribution of this bonus was made through the office of the board of grain commissioners, and disbursements to date represent 186,505,540 bushels of the 1931 wheat crop delivered at country points in western Canada since September last.

It was not expected that the bonus payments would exceed a total of between seven and eight million dollars, but because of an underestimation by the Dominion Bureau of Statistics of the areas seeded to wheat in the prairies, discovered after the decennial census was taken last year, the crop output was set at too low a figure.

A relatively small quantity of 1931 wheat still remained in farmers' hands, and it must be delivered at a country point not later than July 31 in order to secure the bonus. This undelivered wheat and any bonus certificates which have not been redeemed will probably boost the present total to a sum exceeding ten million dollars.

More than 3,000,000 bonus certificates have already been cashed at the various banks, and the special staff set up to handle these payments, which at one time numbered almost 80 persons, has now been cut in half. The first payments under the scheme were made on Sept. 10, 1931, and amounted that day to only \$1,000. The total on the next day was \$3,800, and the largest sum paid out on any one day was \$268,000, this being on Nov. 10, 1931.

The bonus operates for one year only, and any 1931 wheat delivered later than July 31, 1932, will not benefit under the scheme.—Manitoba Free Press.

Loss On Grain Adjustments

The Dominion Government sustained a loss of \$250,387 during 1931 in the adjustments of seed grain and relief indebtedness in the three prairie provinces, according to a return tabled in the House of Commons. On account of principal the government's loss was \$140,100 and \$110,286 on account of interest.

Persian Balm is irreplaceable. Fragrant as summer flowers. Cool as a mountain spring. Wonderfully invigorating. Softens and whitens the hands. Makes skin soft-textured and youthful. Used by women as a powder base and as a perfume to lovely complexion. Used by men as an effective hair fixative or shaving lotion. And for children, nothing soothes and protects their tender skin like the delicately cool Persian Balm.

The botanical name of tobacco, Nicotiana, is derived from Nicot, the name of the French Ambassador to Portugal, who introduced it to France about 1560.

Upwards of 500 different kinds of material are used for the manufacture of shoes.

HEADACHE

A hard day at the office, and a headache homebound. All for the want of two little tablets of Aspirin. Don't be helpless when you suddenly get a headache; carry Aspirin with you. The pocket tin doesn't take up any room, but what a comfort when it's needed!

Fatigue will frequently bring on a headache. It lowers the vitality and invites a cold. Take Aspirin, and throw it off Don't wait until you are miserable. There is nothing in Aspirin to hurt the heart or upset the stomach or harm the system in any way. Your doctor will tell you that But, get Aspirin—not a substitute.

Follow the proven directions to be found inside each package. They cover colds, sore throat, headache, toothache, neuritis, neuralgia, sciatica, lumbago or rheumatism, muscular pains, and other pains and aches for which these tablets are a positive antidote. Keep your pocket tin filled from the bottle of 100 tablets. Every drug store has Aspirin in bottles, as well as the familiar little boxes.

Aspirin is made in Canada.

Chinese Library Destroyed

Destruction Of Oriental Library At Shanghai Is Irreparable Cultural Loss

In the destruction of the Commercial Press and the Oriental Library at Shanghai, the Chinese people and the world at large have suffered an irreparable cultural loss, said Prof. Kiang Kang-Hu, director of Chinese studies at McGill University.

The Oriental library was at first attached to the Commercial Press," he said, "and was named the Han Fen Ldu Library, famous for its collection of old and rare editions. Three years ago, the company, with the help of the local government, provided a special fund and erected a large modern library building of six storeys to house these books.

"According to last year's report; it had in its shelves 360,000 volumes in Chinese, and over 100,000 in other languages. It contained 700 works of the early Sung editions dating back to the 10th century and about 10,000 volumes of unpublished manuscripts."

"The Commercial Press," Dr. Kiang went on, "is a purely Chinese business concern and is known as the largest publishing house in the world. It employs 15,000 men and women and its output amounts to many millions of volumes a year."

Details Worked Out

British Columbia Is Considering Plan Of Health Insurance

Dr. Clarence M. Hincks, director of the national committee for mental hygiene of Canada and the United States said British Columbia was seriously considering establishment of health insurance measures which would be applied to all individuals having incomes of less than \$2,500 a year.

Dr. Hincks, who has returned from a western tour, said Dr. H. E. Young, provincial officer of health for British Columbia, had worked out detailed plans for operation of the scheme.

Speaker on Platform (roaring): "Why don't you men give your wives more credit?"

Man in Front Row—"Because they want cash."

BRITAIN PLACES EMPIRE GOODS ON THE FREE LIST

London, England.—Goods from Canada, the other Dominions, India, Southern Rhodesia and mandated territories of the Dominions will be exempt until November 15 next from all provisions of the government's trade bill, seeking to institute general 10 per cent. tariff.

Besides temporary exemption for goods from the Dominions and their mandated territories the published text of the bill revealed two new provisions about which the government previously had said nothing. It contained also a full list of articles exempt under the proposed tariff.

News that products of the Dominions would enter Great Britain duty free until the middle of next November came as something of a surprise in view of previous statements in the House leading to the belief that they would be exempt only until after the Imperial Economic Conference which will open at Ottawa July 18.

One new provision is a welcome surprise to shipbuilding interests. Imported goods consigned direct to a shipbuilding yard, and intended to be used in the building, repairing or refitting of ships in that yard, will be exempt from the 10 per cent duty. This effectively secures the exemption of the raw materials for one of the greatest of British industries.

The other new provision is for a census of production. Instead of having to wait for long periods the Board of Trade will now be enabled to get, at any time, information on production that it desires.

Another important feature revealed by the text is that the new tariff advisory committee will not be permitted to consider any additions to the free list, until the 10 per cent. duty has been in force for at least six months.

Chief articles on the free list, and articles therefore on which the Dominions will not receive the additional 10 per cent. measure of Imperial preference, are:

Wheat in grain, meat including bacon, raw cotton and raw wool, fish of British catch, tea, newspapers, newsprint in rolls containing not less than 70 per cent. mechanical wood pulp; wood pulp, raw rubber, iron ore and tin ore.

All agricultural and horticultural products from foreign countries except wheat, are liable to the duty.

The bill, which, when it becomes law, will change the whole fiscal system of Great Britain, is divided into three parts, 22 clauses in all, and three schedules.

The bill aims at restricting the importation of goods "in the national interest," it states, and at "making addition to the public revenue."

The general ad valorem duties will be imposed from March 1 next.

Steps are already being taken by the government to constitute the import duties advisory committee so it may be able to function at the earliest possible moment.

To Amend Juvenile Act

Bill Designed To Meet Representations Received From Seven Provinces

Ottawa, Ont.—A bill to amend the Juvenile Delinquency Act, in line with representations received from the Province of Manitoba, endorsed by six other provinces, was given first reading in the House of Commons.

Hon. Hugh Guthrie, Minister of Justice, explained that the amendment arose from the fact that the act as it now stands provides that it is an offence for anyone to contribute, promote, or procure a child to become a delinquent. It had been held by magistrates in certain courts, however, that while a man might do all in his power to procure a youth to become a delinquent, that youth did not actually become a delinquent, the man was not punishable.

It was proposed to insert a clause providing that it shall not be a valid defence to a prosecution that, notwithstanding the conduct of the accused, the child did not in fact become a delinquent.

The amendment, Mr. Guthrie said, was endorsed by nearly all the Children's Aid Societies.

W. N. U. 1929

Favorable Wheat Situation

Increased Demand For Export Grain Has Made Market Firmer

Ottawa, Ont.—Increased export demand for Canadian wheat during the next two months, with resultant higher prices, appears inevitable.

In a statement issued recently by Hon. H. H. Stevens, Minister of Trade and Commerce, favorable factors in the wheat situation are summarized, and it is declared a large continental demand is even now making itself felt.

Broomhall, noted Liverpool authority, who has taken the pessimistic view until recently, now has indicated a growing appreciation of the constructive factors in the wheat situation.

He says:

"Larger buying of foreign wheat by Italy and France, as previously predicted, has already a firming influence upon world's markets and we are of the opinion that continued large buying will prevail during the coming six months, including a better demand from Germany which would be essential to provide the necessary food for the people. The United Kingdom may buy slightly less actively, but the consumption of imported wheat is certainly abnormally large just now. The strength in America and the lack of Russian offerings must in time make for a much better selling market for other exporters."

Developments point to a shortage of good milling wheat in Europe at the present time, and that there are no large supplies of wheat in normally exporting European countries.

Forecast of government legislation to bolster wheat on the Buenos Aires futures market, which may encourage the holding of wheat in the Argentine, appears as a favorable factor here. If the Argentine action is too drastic, it would mean the switch from wheat to Argentine where a free hedging market exists.

Gold Strike In New Area

Large Mining Group Has Taken Option In Manitoba

The Pas, Man.—While Manitoba's winter gold rush at Island Lake is proceeding with increasing vigor word of another gold strike reached here. The new strike is near mile 286 on the Hudson Bay Railway and a large mining group has optioned a group of claims there. Drills and equipment will be taken in within a few days to begin exploration work.

No details of the location of the claims, other than that Mile 286 would be the basis of operation, were divulged. Word of the development, however, concerned rumors of a gold strike somewhere along the Hudson Bay Railway which have been current in the prospecting fraternity here for weeks.

It was said directly east of here on the Manitoba-Ontario border is now being put to the test of drilling and blasting operations by equipment and men taken in by aeroplane. Staking of additional claims continues.

Well Known Novelist Dead

Edgar Wallace Succumbed To Pneumonia After Brief Illness

Beverly Hills, Cal.—Edgar Wallace, 64, who became one of the world's most prolific and highest paid writers after starting life as a newsboy in the slums of London, England, died on February 10, death being due to double pneumonia.

A million and a half of Edgar Wallace's books have been sold in this country, his publishers estimate. It took him about two weeks to write a book, and a week-end was usually enough for a play. In his spare time he conducted a racing column for a London newspaper.

To vary this activity he tried politics, standing as a Liberal candidate for parliament in October 1931, but he was defeated. Wallace was born in 1875 and began writing 20 years later.

Wallace came to Hollywood from his home in England several months ago to write scenarios.

Air Mail Cost

Ottawa, Ont.—At an estimated total cost to the government of \$472,339 there was from July 1, 1931, January 31, 1932, 224,904 pounds of mail carried in the air mail services, over a total mileage estimated at 644,786 miles. These figures were shown to the House of Commons by Hon. Arthur Saupe, postmaster-general.

Want Bilingual Coins

Ottawa, Ont.—The House of Commons will be asked to approve a resolution advocating that Canadian currency should be in both English and French. O. L. Beauchamp (Lib., Bellechance), has placed this request on the order paper of the House.

Students Against War

Demonstration At Tokyo Against Course Pursued At Shanghai

Tokyo, Japan.—The first public demonstration of any moment against Japan's course in Shanghai and Manchuria took place recently at the Imperial University.

Twenty-five students were arrested for participating in a protest meeting at which handbills, urging the people to "stop this imperialistic war," were distributed.

Eight hundred students, assembled in front of the main lecture hall of the university, heard speeches by four of their colleagues and then attempted to parade through the streets in the vicinity carrying red banners. The police dispersed them and arrested the leaders.

Seed Oats Shipped

Now On Way To Saskatchewan From Peace River Country

Calgary, Alberta.—Shipments of oats from the Peace River country are already under way to the relief commission in Saskatchewan, states A. E. Wilson, of Regina.

Mr. Wilson, manager of the Saskatchewan relief commission, said his province would probably acquire up to 2,000,000 bushels of seed oats and 1,000,000 bushels seed barley. No seed wheat would be needed, he said, as there were 5,500,000 bushels in Saskatchewan country elevators.

TARIFF BILL IS INTRODUCED IN BRITISH COMMONS

London, England.—The "trade bill" to establish a general 10 per cent. tariff on imports to Great Britain was introduced in the House of Commons in "dummy" form and given its first reading, after the government had disposed of two Labor amendments which would have limited operation of duties to one year and placed all foodstuffs on the free list.

The bill was then introduced by Rt. Hon. Neville Chamberlain and given first reading. Exact contents were still unknown.

It was not known what products would be exempt from the effects of the bill, beyond that they would include wheat in grain, meat including bacon, raw wool and cotton, tea and coffee.

In the House of Lords Viscount Snowden, of Ickneshaw, made his first speech as a peer, telling why he thought a general 10 per cent. tariff would be "disastrous to the economic and industrial life and to the prosperity of the country."

Viscount Snowden told the lords why he remained a member of the cabinet as Lord Privy Seal, despite his disagreement with the protectionist measures put forward by the government.

Referring scornfully to assertions that such an arrangement violated all precedent, he said that "if mankind always had remained the slave of precedent we would still be living in caves eating shellfish."

British Chiefs in Shanghai

On the shoulders of these men rests the responsibility for the protection of British and American citizens in war-torn Shanghai. This unusual photograph, made during a conference of the military chiefs, shows, left to right, Colonel R. S. Hooker, commander of the United States Marines in the international settlement; Major Price Williams, of the British defense forces; Major General Barrett; also of the British, and Brigadier-General Richard Fleming, in command of British troops in the international settlement. The forces of both nations are being heavily retrained to cope with any emergencies.

CANADIAN SELECTED

W. T. Macoun, Dominion Horticulturist, who has just been elected Vice-President of the American Pomological Society.

Cold Wave In Europe

Eleven Men and Women Frozen To Death In Roumania

London, England.—Snow and bitter cold has swept over most of Europe, and numerous deaths were reported from several points.

In Roumania 11 men and women in a wagon were found frozen to death and their horses also perished on a country road. All the members of two families were reported to have frozen in a Bessarabian village and the Danube was covered with ice for several miles.

In northeastern France three persons died, and the snows interrupted shipping and train service.

The lowest temperature in France was five degrees above zero, but there was snow as far south as Bordeaux.

London had the first real snowfall of the winter and in some of England's rural districts the snow was a foot deep. All small craft in the channel took shelter from a strong easterly gale.

East Provides Market For Western Fish

Two Special Trains Carried Consignment From Prairies

Winnipeg, Man.—Shipments of fresh and frozen fish from the west to distributing centres in eastern Canada and the United States reached peak last week when two special fish trains were operated by the Canadian National Railways. A train of fifteen cars of frozen fish left Prince Rupert with its cargo consigned mainly to Toronto, Montreal, Windsor, Chicago and New York. The movement of fresh fish from the prairies was featured by a consignment of eleven heated cars which were rushed east on an extra section of the Continental Limited.

Trade Vessel From Scotland

Montreal, Que.—Scotland is to send an official trade mission ship to Canada this spring, according to Graham Donaldson of the Anchor Donalson Line, Glasgow, who arrived in Montreal to conclude arrangements at this end.

Too Much Legislation

Suggests Three-Man Dictatorship To Govern the Prairies

Montreal, Que.—"What the west needs most of all at present is a complete holiday from legislation for the next five years. It should have a three-man dictatorship to run the prairies," said Mayor Ralph Webb, of Winnipeg, who was in Montreal recently on his way to Lake Placid.

Mayor Webb was asked what the sentiment on the prairies was towards the proposal of Premier John Bracken, of Manitoba, for a united government of Alberta, Saskatchewan and Manitoba.

"If you want to know my opinion," said Mayor Webb, "I would tell Premier Bracken to try to solve the problems of Manitoba before he tries to take on the problems of the other provinces. He's got plenty of work to do there."

Vessels Protected

Canadian Ships Are Safeguarded At Port Of Shanghai

Montreal, Que.—Despite repeated bombing by air and by Japanese naval craft movements of foreign shipping at Shanghai have not been interfered with according to an cable received here by George Stephen, vice-president in charge of traffic, Canadian Pacific Railway, from Alan Cameron, the company's Oriental manager at Hong Kong.

When bombarding occurs at Wusung a British naval vessel stationed outside that port communicates with British vessels and consular authorities notify steamships.

SOCIAL RESEARCH PLAN ADVOCATED BY WESTERNER

Ottawa, Ont.—Creation of a scientific laboratory where the economic situation might be dissected in an effort to remove the malignant growth, depression, was advocated in the House of Commons by Alfred Speakman, U.F.A., Red Deer. He would establish a "national council of social and economic research," patterned after the existing council on industrial and scientific problems.

The government, said Hon. H. H. Stevens, was willing to give serious study to the suggestion of an economic council. It was prepared even to pass the Speakman resolution if it were made contingent on the ratification of the government.

The machinery already existed for a scientific study of social and economic problems, said Rt. Hon. Mackenzie King, Liberal leader. The National Council of Scientific Research might be enlarged and such questions as unemployment, unemployment insurance and maldistribution of commodities and wealth, referred to it for consideration.

Organized science had solved such industrial problems as production, said Mr. Speakman. The Dominion, in furthering that work, had created the National Council of Scientific Research. He asked why Canada should not establish a similar council to grapple with social and economic problems. A ready field existed with such unsolved problems as unemployment, general distribution and low commodity values. Systematized research might find a key to the riddle of depression.

The resolution, explained Mr. Speakman, was identical with the one moved by him last year. The value of work performed by the National Council of Scientific Research was well known. Another body should be created which would be supported by the state and which would deal with the problems indicated.

It was a curious, significant and yet sinister fact, said Mr. Speakman, that people who had held property worth thousands of dollars are today receiving relief. The world today demanded leadership back to normal conditions or to what some might call a return to better society. The two steps which had been taken so far in the present depression were (1) relief, which was necessary and essential, but would increase the burden. (2) The 10 per cent. cut, which reduced the purchasing power of civil servants. The condition under which the people of the world were suffering were the consequence of human error and rectification must be susceptible of human control.

W. T. Lucas, U.F.A., Camrose, declared that before any real progress or prosperity could be achieved many of the old ideas would have to be scrapped. The big problem today was the proper distribution of wealth among the people who created it.

TO INVESTIGATE GASOLINE PRICES PREVAILING HERE

Ottawa, Ont.—Investigation of gasoline prices in Canada will be made by a parliamentary committee. The Commons passed a resolution by Dr. Thomas F. Donnelly, Liberal, Wilfrid Bunch, calling for inquiry by the banking and commerce committee of the House.

The government had no objection to the inquiry, Premier R. B. Bennett announced. It was prepared to pass the resolution and supply technical assistance for the committee. Three of the largest companies, the Imperial Oil Company, McCall-Frontenac Oil Company, and the British-American Oil Company had assured him they would welcome investigation of prices and bare their books before any court, the Prime Minister added.

Dr. Donnelly laid before the House comparative gasoline prices in Canada and United States. Reduced to the same gallon-measure and shorn of taxation the average price in the United States in 1931 was 15½ cents, he said. In eight Canadian cities, the average price was 23.3 cents. This discrepancy, Dr. Donnelly asserted was due to the increased tax and the extra valuations for duty purposes set by the government. Charles E. Bothwell, Liberal, Swift Current, reminded the Prime Minister of his promise to remove the protection if any industry exploited Canadian.

A. M. Carmichael, U.F.A., Kindersley, and John L. Brown, Liberal, Ligar, urged the investigation be enlarged to include all petroleum products.

In accepting the investigation, said Premier Bennett, the Government was taking no sides on the argument of excessive gasoline prices.

Last year, Dr. Donnelly said, he paid 10 cents per wine gallon for eight cents purchases at a station in Camden, N.J., which included three cents state tax. The wine gallon represented 80.4 per cent. of an imperial gallon. On the other hand, in Ottawa, 500 miles distant from Camden, he paid last year 37 cents per gallon at a service station, which included tax of five cents per gallon. Was there any reason for such a great difference, he asked.

Dr. Donnelly said that in 1930 when the Liberal Government was in power the tariff was: one-half cent British preference, three-quarter cent intermediate, and one cent general, but it had been raised by the Conservative Government to two cents British preference, two and one-quarter intermediate and two and one-half cents general. An order-in-council had also been passed by the Conservative Government, he stated, placing the value on imported gasoline for duty purposes at a rate higher than the wholesale price in the United States.

The proper price of gasoline was a matter of vital concern to Canadians, and he asked that the question of the proper price be referred to the banking and commerce committee for investigation and report.

Unemployed Demonstration

Newfound Premier Injured When Mob Storms Council Chamber

St. John's, Nfld.—Unemployed demonstrators pushed the police aside, forced an entrance to the council chamber where the executive was in session and emphasized their demands for an interview with Prime Minister Sir Richard Squires by mounting the council table and throwing articles about the room.

The Prime Minister received a blow on the face and had one of his arms wrenched as the mob surged into the chamber. An able man of 52, he was not painfully injured. He took the incident calmly, believing the blow to be unintentional.

The invaders were supported by several hundreds of unemployed who had gathered in front of the building. Chaos within the chamber was transformed to order when the Prime Minister's voice rang out. Sir Richard promised to hear their resolutions for an upward revision of food supplies the following day. He told them to proceed at once to the relief depot, where he would instruct the officials to give them orders for supplies. The mob dispersed.

It is estimated that 1,200 families of the City of St. John's are on the government's list for rations, while the number of people receiving rations in the Dominion is estimated at \$5,000.

Premier MacDonald's expenses in the last election in England were \$5,175.

DEMONSTRATING SAFETY FUEL

When you shut off your motor while the tank is being filled, you often think of the inflammable nature of motor fuel. In the future perhaps science may do something to change the nature of the fluid which goes into your gas tank. Already engineers have been demonstrating a new safety automotive fuel, and interesting results were observed by a committee of the Society of Automotive Engineers when they visited the Bayway refinery of the Standard Oil Company in New Jersey recently. This new fuel, which is a product of the hydrogenation process, is not inflammable under ordinary atmospheric temperatures and pressures.

DEMAND IS "BACKING UP"

The number of new cars placed on the roads of Canada during 1931, according to official government figures just issued, was 78,720. They were certainly not numerous enough to replace the cars which would ordinarily have been scrapped. The number of cars withdrawn from use each year ordinarily amounts to about 7 per cent of the number of licenses issued in the preceding twelve-month period. Applying this formula, the number of worn-out cars needing replacement in 1931 amounted to 5,500.

The apparent consumption of automobiles in Canada during 1931 is obtained by adding the 8,739 imported cars to the 69,981 cars made for sale in Canada. In addition to cars made for Canadian consumption, factories in the Dominion also turned out 12,633 cars for export. The total output for the year, therefore, was 82,614 cars, which was 46 per cent under the 153,372 cars of the previous year.

The record output for the industry in Canada was established in 1929 when 262,625 cars were produced.

SAYS CANADA EQUIPPED

TO LEAD IN RECOVERY

Canada is better equipped to advance from the present depression than any other country, declared R. V. Silbert, Winnipeg, superintendent of natural resources for the Canadian National Railway, in a recent address before the Saskatoon Rotary

club. "There is no country with the same amount of raw products readily available, while, in the way of equipment for production and transportation of all products, the Dominion stands second to none. It is noticeable that, despite the severity of the present depression, we have not had one bank failure and our government loans have been over-subscribed. It is, perhaps, not appreciated just what progress this country has made in recent years and few people realize the extent of Canada's still unused resources."

AN UNJUST FEATURE
OF THE SCHOOL ACT

In an Edmonton interview published in your issue of Feb. 5, the minister of education asks for a fair trial of a most autocratic, unjust feature of the School Act which he "put over" the ratepayers of the province at the last session of the legislature. The trustees' convention unanimously voted for the repeal of this obnoxious, undemocratic feature of the School Act.

The section of the School Act complained of is that passed at the provincial session, by which a teacher's contract, once signed at the beginning of the school year, cannot be revised, cancelled, dealt with in any way by the ratepayers of the district for the entire ten months of the school year. The trustees of a district cannot touch a teacher's contract, once signed, until the following June, no matter what unforeseen, unexpected changes in the situation in the district may intervene.

Here is a concrete example of the working of this autocratic, pernicious "joker" slipped into the School Act last year by the department of education, found in Blackfoot Trail district No. 4255, of which I am a resident and a ratepayer. At the beginning of our school term last September, or a short while before the beginning of the year, there were three prospective pupils for the ninth grade. As the teacher would be required to teach the ninth, together with practically all other lower grades, it was agreed to pay him \$1,000 for the year, an exceedingly high salary under present conditions for a school with but ten pupils.

Then when school opened it was found that two of those ninth grade pupils were not to attend the school, leaving one pupil in this grade. This pupil could have been accommodated in Calgary for \$50 for the year, and a teacher could have been secured to teach up to the eighth grade for \$300 or less.

But because the teacher's contract could not be revised or cancelled until next June, this unjust and unfair situation was arbitrarily continued and the district was forced to pay \$300

additional to the ten for one pupil in the ninth grade. The inspectors was advised of this situation and did nothing to assist the overtaxed ratepayers, and because of this "joker" in the School Act the ratepayers were at the mercy of the inspector, a non-resident, a non-taxpayer.

Under any common sense system of public schools, when this unexpected situation arose, the ratepayers would have had power to revise and deal with it on a just basis, to save this \$200 in taxes. But under the Baker deal, the entire voting strength of a school district can be defied and over-ridden by an inspector.

Under this autocratic system the ratepayers will soon have nothing to say about schools except to dig deep and pay any unjust burden which an inspector may impose upon them. This, and other grossly unfair provisions of the School Act should be revised at this session, to save our school system from untold disturbance, opposition and final chaos.

—BERT HUFFMAN, Lacombe, in Calgary Herald.

LOW WEEK-END

FARES EXTENDED

Montreal, Feb. 13.—In response to public demand, low week-end round trip fares, which have been offered by the Canadian National, Canadian Pacific and other railway lines in the Dominion since last summer, will remain in force after February 22, the date originally set for their discontinuance.

In making this announcement, the Canadian Passenger Association draws attention to the privileges now in force and of which extension is now to be made. Round trip tickets between any Canadian stations for any week-end are offered by the railways at the rate of one and quarter times the regular single fare. These tickets are good going from Friday noon until Sunday noon and returning until Monday night.

The travelling public will thus be able to continue its week-end journeys, which have been so popular during the past year, and it is anticipated that the volume of traffic will be even greater as the spring develops. The popularity of the concession is already assured by the thousands who have availed themselves of it, and its extension will, without doubt, be very welcome.

SUN LIFE MAKES

NEW APPOINTMENTS

T. B. Macaulay, president of the Sun Life Assurance Company of Canada, has announced the following promotions in that organization: Arthur E. Wood, heretofore vice-president and chief actuary, to be vice-president and managing director; E. A. Macnutt, heretofore treasurer, to be vice-president and treasurer; Geo. W. Bourke, assistant actuary, to be actuary; J. J. Cooper, J. B. Malton and C. D. Rutherford, to be associate actuaries. The appointments were confirmed at a meeting of the board of directors.

Arthur E. Wood, vice-president of the Sun Life, who now becomes managing director, has been with the Sun Life since 1892, joining the company just after he graduated from McGill with high honors in mathematics. In 1903 he was appointed assistant actuary and, in 1908, chief actuary; in 1923 he was appointed vice-president, retaining his title of chief actuary. Mr. Wood is recognized as one of the outstanding actuaries of the insurance world. He is a past president of the Actuarial Society of America and also of the Canadian Life Officers' Association; he is a Fellow of the Institute of Actuaries of Great Britain, the Actuarial Society of America and the American Institute of Actuaries. His career with the Sun Life has been a brilliant one, and his appointment is well earned.

Mr. Macnutt, before joining the Sun Life in 1904, had extensive banking experience. In 1906 Mr. Macnutt was appointed treasurer of the company. Mr. Macnutt is an outstanding figure of the financial world and has been associated with a number of important

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, B.D., Pastor.

"Serve the Church that the Church May Serve You."

Services for Sunday, February 22, the Pastor in charge—

11 a.m.—JUNIOR SCHOOL. Classes as usual.

2 p.m.—SENIOR SCHOOL. Classes as usual.

7:30 p.m.—PUBLIC WORSHIP. The service will be opened by a 15-minute Song Service, led by the Junior Choir and the Orchestra. Our two-minute Story Talk is "How a Clock Saved a Town." The minister will commence a series of sermons on Timely Topics, the first theme will be one that is the subject of conversation wherever two or three are met together: "Frozen Water Pipes."

ANNOUNCEMENTS—All groups will meet on their respective nights during the week.

A special meeting of the Official Board will be held at the Manse on Thursday, February 25th, at 7:30 p.m. The business is most important and is to plan the year's work, prepare a financial budget and consider ways and means of providing the necessary funds to put our plans into effect. With our new building nearing completion and our whole church program under revision, we are approaching the time when our church can render a greater service in the cause of Christian Brotherhood than ever before. This is "OUR YEAR OF OPPORTUNITY—IT IS NOW OR NEVER."

ATTENTION—An entertainment is being provided by the Groups on Friday, February 26th, in the church, at 7:30 p.m. Laugh and be jolly in the intention and the means will be songs and skits. The Philomath Radio Corporation, sax and soap suds, the Highland lass who "taps," then "flings," to say nothing of clubs and stirring music. All mistakes will be washed away with coffee and everybody will be revived with refreshments. The only way you can get in

is to buy a "Star" from the boys and girls, or at the door. These "Stars" are sold to help defray our share of the cost of the Religious Education Council of Alberta.

ST. LUKE'S, BLAIRMORE
A. S. Partington, Vicar

Services for February 21st, second Sunday in Lent: Sunday school (in the hall) at 10 a.m. Holy Communion at 11 a.m.

Wednesday, February 21st, children's service 4:30 p.m., evening service at 7:30 o'clock.

CANADA'S SURFACED ROADS

There were at the end of the year 80,498 miles of surfaced highway in Canada and 397,373 miles of all classes of highway. Ontario had the greatest mileage of surfaced highway, 44,740 miles, or 55 per cent of the total. Quebec was second and British Columbia third, with 13,502 and 7,477 miles, respectively.

Mr. Macnutt, before joining the Sun Life in 1904, had extensive banking experience. In 1906 Mr. Macnutt was appointed treasurer of the company. Mr. Macnutt is an outstanding figure of the financial world and has been associated with a number of important

undertakings. He was treasurer and second vice-president of the Montreal Board of Trade.

Geo. W. Bourke, who becomes actuary, is a McGill graduate, with gold medal honors in mathematics, and joined the company in 1919. He is a Fellow of the Institute of Actuaries, recognized as the senior degree in actuarial work.

Messrs. Cooper, Malton and Rutherford have been assistant actuaries with the Sun Life for some time, and in their special actuarial fields are recognized as three leading actuaries in the insurance world of America.

Presenting

8 NEW

CHEVROLET

SIX-CYLINDER TRUCKS

Including 2 new heavy duty models
of 2 TON CAPACITY

THE complete new Chevrolet six-cylinder Truck line for 1932 offers you: 1/2-ton Standard and De Luxe Commercial Chassis, with Light Delivery, Panel, Canopy Express and other body styles. 1 1/2-ton Chassis of 131- and 157-inch wheelbases, suitable for an almost unlimited variety of practical, low-priced bodies. And two entirely new 2-ton Heavy Duty Chassis, with many body types to fit the special needs of the contracting and heavy haulage field. You will find these new trucks improved in every way that adds to satisfaction. Faster and smoother to speed up service... stronger to last longer... with the lowest operating cost of any truck. More than ever, Chevrolet is The Great Canadian Truck Value! Prices range from \$505 (for Commercial Chassis), at factory, Oshawa, Ont., taxes extra.

Chevrolet Trucks may be purchased on easy terms through GMAC, General Motors' own deferred payment plan.

A BOOST FOR BLAIRMORE

The sport editor of the Calgary Albertan has the following nice things to say for Blaimore: "Both Nanton and Blaimore's winning record for the season has been maintained in the playdowns, and both teams were undefeated in the A.H.A. series before they clashed. Nanton stopped High River by a wide margin and was held to a draw game by Staveley. Blaimore got the break with two easy games to go into the south final." "From the showing of the contending clubs thus far, the intermediate title seems to be evading the central section again. Our pick is for Red Deer and Blaimore to meet in the final, with the Crows' Nest Pass club getting the call to challenge the senior Alberta champions."

RAILWAY OPERATING

REVENUES DECREASED

Total operating revenues of the Canadian National Railways for the year 1931 approximated \$177,273,700 as compared with \$221,770,445 for the year 1930, a decrease of \$44,496,745, or twenty per cent. Operating expenses were \$169,688,000 as compared with \$196,259,507 for 1930, a decrease of \$26,571,507, or thirteen per cent. Net operating revenues for 1931 will be close to \$7,585,700 as compared with \$25,510,938 for 1930, a decrease of \$18,925,238. These figures cover all lines comprised in the National system with the exception of the lines east of Lewis and Diamond Junction, which are operated under the provisions of the Maritimes Freight Rates Act. Final figures will be made available when the annual report of the company is presented to Parliament during the course of the present session.

The platform of the labor candidates who were successful in the Bellevue school elections reads in part as follows: Free school books for all school children, free lunches for all school children who require them, no military or religious training allowed in schools, workers' children to be given preference when teachers are being selected if they have the necessary ability, no discrimination against any teacher for "class-conscious" action. May 1st to be a school holiday.

On Keeping The Face Clean?

Of course you wash it—but is it clean? We're willing to wager that it is. Then you don't simply go through the motions of washing your face as a habit, but because it makes you feel "right" to know that it is clean and because it is pleasing to the people you meet in the course of the day.

Well then, when you buy stationery for your business, is it not worth while to see that it is printed properly and not to accept printed matter of any kind simply because it is cheap? You wouldn't use just as a face towel, would you? But it's much cheaper than linen. Business stationery is your "paper face"—your personal representative—why not make sure it represents you properly. We will be glad to show you paper and ink samples, specimens of type faces, layouts and estimates. Phone 11. Ask our representative to call. Mail orders promptly filled.

THE BLAIRMORE ENTERPRISE JOB DEPARTMENT

On Tuesday evening, Billy Royle entertained his school companions to a wienie supper at his home, the occasion being his eighth birthday. The following were present: Masters Freddie Greenhalgh (Coleman), Mostyn Hadwell, Malcolm Blake, Douglas Allen, Bin Allen, Donald Ferguson, Roy Upham, Jackie Maddison, Joe Giza, Jackie Whitehead, Gerald Robinson, Sydney Rudd, Ronnie McDonald, Roy Hill and Ernie Harrison. Owing to sickness, Dicky Morgan was unable to be present, and George Hutton was unable to get there from Bellevue, because of bad roads. After a splendid repast of hot dogs, pie, cake, etc., the birthday cake, illuminated by eight candles, was brought in to finish the feast, after which games of different kinds were indulged in, Douglas Allen winning the special event for standing on his head in a corner. Ed. Royle acting as referee. Mrs. Royle was ably assisted by Mrs. Dick Greenhalgh, Mrs. Bob Crichton (Hillcrest) and Mrs. Jack Paul. The merry party broke up about 7 p.m. During the party, Miss Nellie Royle phoned congratulations from Calgary.

Fire on Saturday evening did considerable damage to a portion of the plant of The Blaimore Iron Works, destroying the blacksmith shop, welding shop, casting and moulding room and furnace. The Blaimore fire brigade responded to the call and rendered good service.

"They're Off!"—In Old Quebec

The Eleventh annual Eastern International Dog Sled Derby—growing event of the 1932 Winter Sport season—is scheduled for February 22-24. For those three days, all eyes turn to Quebec City, where each day the fight between the best dog teams in America over a course of 40-odd miles is staged. Emil St-Godard, Leonard Sepala, hero of the rush with diphtheria serum to Nome a few years back, are among the contenders, of whom last year there were eleven and this year there will likely be even more. In all, the race covers a distance of 123 miles and the finish is in Quebec itself through crowds of thousands of fans, lining the streets and cheer on the victor.

Hardy cash prizes are awarded, but this year interest is much above the usual. St-Godard who has won the race four times in the last five years, has two legs on the Speed Cup and another win this year will give it to him permanently.

Sepala has two legs on the Gold Cup for the best conditioned dog and stands to win it permanently this year. Prizes total \$2,150 with a first prize of \$800; second prize, \$600; third prize, \$200; then \$200, \$100, \$75, \$50 and \$25 in that order. In addition there is the Gold Cup for the best conditioned dog and the Speed Cup awarded to the team making the fastest time for a lap during the three days of racing.

The event winds up with the Dog Derby Costume Ball held at the Chateau Frontenac, the

Canadian Pacific's great hotel, on Wednesday, February 24, at which prizes and cups are awarded to the winners. The picture shows: Upper left, typical huskie, and right Chateau Frontenac, Quebec. Below, centre, last lap of the race and lower right Emil St-Godard and his lead dog, Toby.

THE YEAR'S BUSINESS REVIEWED

"... I think you will agree with me that for a year such as that through which we have just passed the showing is a remarkably fine one."

"New assurances of over \$527,000,000, and a total in force exceeding \$3,050,000,000, are figures so great as to need no emphasis."

"The distribution of our new business is interesting. Canada contributed \$101,000,000, United States \$291,000,000, Great Britain \$50,000,000, and the rest of the world \$85,000,000."

"Our mortality experience has been even more favourable than that of last year, the claims being but 54.3 per cent. of the expected, against 57.6 per cent. in 1930."

"Since business was commenced in 1871 we have paid out in benefits \$594,000,000. Last year alone our payments were \$93,235,000, an amount exceeding the total assurance written in 1922. We may well rejoice over the magnitude and importance of the social service which the Company is performing."

"During the past year life assurance has been tested as perhaps never before, and it has withstood the trial triumphantly. So far as I am aware not one life insurance company on the continent has had to close its doors, a wonderful record. In Canada we can claim with pride that even since Confederation not one Dominion licensed company has ever failed."

"It will be noticed that in addition to the surplus of \$16,000,000 over all liabilities and capital stock, we have a contingency reserve of \$4,700,000 to provide for possible shrinkage in mort-

gages and other real estate investments. Our reserves have been calculated on the same strong basis as last year. Although our investments payable in American currency greatly exceed our liabilities in that currency, we have treated both as on a par, taking no credit for the premium on American funds. Our liabilities under contracts in other currencies also are included at a total greater than required at the prevailing rates of exchange."

"Our holdings of stocks have been valued on the basis laid down by the Dominion Department of Insurance, which is practically the same as that adopted for all companies by the National Convention of Insurance Commissioners of the United States."

"In new investments we have favoured high grade bonds, the yield on which is now very attractive. Our purchases of Canadian Government bonds during the year amounted to \$23,000,000."

"The profits paid or allotted to policyholders amounted to over \$26,000,000, or over 20 per cent. of the total annual premium income."

"In the light of these figures, the report is indeed an excellent one."

"And what of the future? No one believes that the depression will last for ever. It is impossible to say just when the turn will come, but with the vast natural resources of this continent, and the brains, energy, and actual wealth of its people, business recovery is inevitable. When prosperity does return no company will share in its benefits in greater measure than our own."

—From the President's Address at the Annual Meeting.

SIXTY-ONE YEARS OF SERVICE

SUN LIFE ASSURANCE COMPANY OF CANADA

The annual meeting of the rate payers of the Village of Frank and Frank School District was held in the schoolhouse at Frank last night, and was very well attended.

Max Mutz and a party of friends from Vulcan took in the Blaimore-Nanton hockey game at Nanton on Monday night. Max is a real Bearcat supporter and has yet to miss his first game whenever the Blaimore team appears on the prairie.

The fastest... smartest... wildst... screaming comedy yet to reach stage or screen. Almost every known means of travel is experienced by Norman Shearer and Robert Montgomery in "Private Lives," which is playing at Cole's theatre, Bellevue, for the balance of the week. In the picture of the Noel Coward stage hit, the story opens showing them in an airplane flying over the English Channel. Later they are on a French railroad train, a Swiss alpine cable-car, in automobiles, on a river ferry, in hotel elevators and finally on skis and snow-shoes when they climb the Matterhorn.

An exchange remarks: Boys will be boys, and girls will be, too, in a few years.

Safeway store opens here tomorrow. The opening announcement is made through the medium of attractive bills and an advertisement to be found in this issue of The Enterprise.

Gleichen defeated Okotoks 2-1 in the opener of their playdown series last night. The second game is to be played at Okotoks tomorrow night, and in all probability the winner of the series will meet the Blaimore Bearcats here on Monday night.

One of the most popular "unpopular" men on the screen is featured in "Riders of the Purple Sage," Fox western romance to be shown at the Cole theatre, Bellevue, Monday, Tuesday and Wednesday of next week. This gentleman is Noah Berry, who single handed has done more screen villainy than any other two film menaces. George O'Brien and Marguerite Churchill play featured roles with Berry in this Zane Grey classic, directed by Hamilton MacFadden. Don't forget it's bargain nights, too.

The Ladies' Relief Auxiliary wish to acknowledge further contributions to their tea from Mrs. Archer and Mrs. McEugall.

PROVINCIAL SERIES, Basketball, Fincher vs Columbus Club, Colanatus Hall, Sat., Feb. 20, 9 p.m. Adm. 15c.

Leibridge's protest against the provincial income tax proposal has been supported strongly by the city of Calgary.

"Bill" Brown, of the Cosmopolitan hotel staff, left for Calgary by Tuesday night's train, where he will undergo medical treatment.

H. Zak, proprietor of the Union Meat Market at Blaimore and the Success Meat Market at Bellevue, is opening a branch store at Coleman, in the Burns' building.

Albert Johnson, Arctic trapper, who shot and killed a mounted police officer, wounded another, and before being captured had shot and seriously wounded Staff Sergeant Hersey, a member of the R.C.M.P., has been taken dead near Rat River.

German Remedy Stops 30-Year Constipation

"For 30 years I had a bad stomach and constipation. Suffering food from stomach choked me. Since taking Adlerika I am a new woman. Constipation is a thing of the past."—Alice Burns.

Most remedies reach only lower bowel. That is why you must take them often. But this simple German remedy Adlerika washes out BOTH upper and lower bowel. It brings out all gas and ridges you of poison. You will never believe was in your system. Even the FIRST dose will surprise you. Blairmore Pharmacy.

A businesslike man stepped into a butcher's shop. "A piece of beef for roasting!" he ordered briskly.

The meat, mostly bone, was thrown on the scales. "Look here!" remonstrated the man, "you're giving me a big piece of bone!"

"Oh, no, I ain't," said the butcher, grumpily, "you're paying for it."

Mrs. H. Halton, of Pincher Creek, has been the guest for a few days of her daughter, Mrs. W. H. Moser, at Hillcrest.

District News

From Our Own Correspondents

CORBIN HAPPENINGS

C. D. Steeves, of Calgary, Dominion Rubber Co. representative, was in town this week.

The Corbin Community Club has been forced to close down the rink on the 15th of this month, on account of excessive snowfall. This is a great disappointment to the skaters and hockey players.

The heaviest snowfall since 1926 occurred here during the past two weeks. Snow started to fall on the morning of February the 1st and ceased on the night of the 10th. Four comparatively clear days followed, giving the inhabitants hope that the storm was over. On Monday last, however, the town awoke to a stormy world again. It continued coming from the north all day, and by night looked as if it had settled down to the business of making the blanket thicker here before letting up. The main highway is completely blocked to traffic of any kind, and unless a thaw comes soon, will not be opened for weeks to come.

A meeting of the Anglican Ladies' Guild was held at the home of Mrs. W. Almond on Thursday night, February the 11th. Arrangements were made for a card party and dance to be held in the near future. The next meeting is to be held at the home of Mrs. H. Jorgensen two weeks from the above date.

Mr. K. Kington was in Fernie hospital for several days this week, receiving treatment from Dr. Kelman.

The annual thrill came for the school children on Friday last, when the valentine party was held in the school. The children made most of their valentines this year.

A valentine tea and sale of home cooking and aprons was held at the B. & B. hall, under auspices of the United church Ladies' Aid. The sale proved very successful, despite inclement weather, and a neat sum was added to the Aid treasury.

Mr. and Mrs. B. Lyne had as their guests on Monday Mr. Lyne's brother and Miss Robinson, both of North Fork, Alberta.

COWLEY HAPPENINGS

G. Stone, of Pincher Creek, is acting manager of the local branch of Royal Bank of Canada.

Vivian Sandeman left on Saturday night's train for Scotland, to play a visit to his parents. He will sail from St. John, N.B.

The infant son of Mr. and Mrs. George Morat, of North Fork, born on Sunday, died Monday at St. Vincent's hospital, Pincher Creek.

Mrs. Ed. Cowin is at present a Calgary visitor.

A son was born to Mr. and Mrs. Hamilton, of Macleod, on Sunday last. Mrs. Hamilton was formerly Miss Kathleen Porter, of Cowley.

R. G. Jamieson, who has been in charge of the Royal Bank branch here for a few months, has been transferred to Craigmyle, and moved

there with his wife and two children on Monday.

Miss Martha Tustian, who has been in Calgary for some months, is now gone with her parents.

Owing to travel being impossible, on account of the government highway being blocked with snow drifts at the west end of town, traffic is passing in behind town, taking the road around the lake and coming onto the main highway a mile or so west of town.

Albert Cleland, who has been to Calgary for a few days in regard to his health, has returned.

We regret to say that Sam Johnson, a young man in his twenties, who was engaged in ranching near the North Fork river, died on Monday of appendicitis in a Pincher Creek hospital. He leaves a young wife and five-month-old infant.

HILLCREST HAPPENINGS

Mrs. Mary Lawrence passed away at 6 o'clock on Saturday morning last at the Rose hospital. Mrs. Lawrence had been ill for a considerable time and her death was not unexpected. She is survived by her husband, two sons and two daughters. The funeral service was held in the United church at 3 o'clock on Monday afternoon and the remains were laid to rest in the Hillcrest cemetery.

A pleasant feature of the Sunday evening service at the United church was the singing of Bellevue United church choir. There were over thirty in the party, conducted by Mr. Watts Goodwin, with Mrs. Albert Christie as organist. Mr. John Shevels conducted the service.

Mrs. Walter Moser returned home last Wednesday with her young son. She has been spending some time in Pincher Creek.

The Welsh whist drive and dance Wednesday night was well attended. Prizes were won by Mrs. J. McDade, J. A. McDonald (Blairmore) and J. Daniels.

The Bellevue Midgets defeated the local boys 4-2 in a hockey game here on Saturday afternoon.

Mrs. H. McVicar entertained her friends at whist on Wednesday evening last. Prizes were won by: Mrs. J. Penn, first; Mrs. B. Thornton, second; consolations to Mrs. H. Henderson and Mrs. A. Petrie.

A meeting of the Caledonian Society was held last week.

The valentine dance was very well attended on Friday night last. The hall was tastefully decorated with hearts and the Arcadian orchestra was in attendance.

Miss M. Graeme was a guest of Miss N. Young and Miss D. Carmichael over the week end.

BELLEVUE HAPPENINGS

The annual meeting of the ratepayers of Bellevue School District was held in the I.O.O.F. hall on Thursday, February the 4th, being largely attended. The auditor's report was read by Mr. A. J. Kelly. Election of trustees to succeed Messrs. S. Humble and J. Brooks resulted in the election of Jock Dugdale and B. Simmons.

Mr. Nicol, of the Blairmore branch of the Royal Bank, has arrived here to take over the duties of junior clerk at the local branch. Mr. H. Rea, teller here, has been transferred to Camrose.

Mr. and Mrs. H. Campbell left town on Wednesday for Creston, where they will make their home in future.

Mrs. E. Fisher, Mrs. C. Johnson and Mrs. J. Cousens left by Sunday night's train for Calgary, where they will attend the annual session of the Alberta Rebekah Assembly. Mr. Cousens is also in Calgary, attending

IN MEMORIAM

I loving memory of our dear husband and father, Enrico Joseph Pozzi, who died February the 26th, 1930, aged fifty years.

"Some may think that we forgot you. When at times they see us smile, But they little know the sorrow That is hidden all the while."

Ever remembered by his wife, sons and daughters.

CARD OF THANKS

To The Ratepayers of

The Town of Blairmore:

For the loyal support given me at the recent municipal elections I desire to thank you and promise to endeavor to work in your best interests.

—R. PERESSINI

CARD OF THANKS

Mr. Archibald and family, of Hillcrest, wish to thank friends and acquaintances for the help extended to them during Mrs. Archibald's illness. They especially wish to thank Dr. Rose and nurse for their untiring efforts, and also wish to acknowledge the numerous beautiful floral tributes.

CARD OF THANKS

Mrs. Hadwell, son and daughter wish to thank their friends and acquaintances for kindnesses shown to them during the illness of their son and brother, and expressions of sympathy following his demise. We also wish to express our thanks for services rendered by doctors and nurse during his long illness.

We also beg to gratefully acknowledge the numerous beautiful floral tributes, as follows:

Mother, Tom and Blodwyn; Mostyn; Harry, Lizzie and boys; Mr. and Mrs. W. L. Evans, Mr. and Mrs. Alan Brown (Coleman), Helen and Isabel Newman, and Mrs. E. Picard and family, Mr. and Mrs. Evan Morgan, Mr. and Mrs. S. Price, Mr. and Mrs. Fred Land, Mr. and Mrs. J. Richards (Coleman), Mr. and Mrs. E. Rees (Hillcrest), Mr. and Mrs. D. Rees and Donnie, Mr. G. A. Vissac, Mr. and Mrs. Noble Macdonald (Bellevue), Mr. and Mrs. T. Marks and Harold, Mr. and Mrs. D. Evans, Mr. and Mrs. J. McNeil and family, Mr. and Mrs. McNeil-Congdon, Mr. and Mrs. W. Patterson, Mr. and Mrs. A. Womersley, Mr. and Mrs. J. Shevels and family (Bellevue), Mr. and Mrs. W. Daboe and family, Mr. and Mrs. James Morgan and family, Mr. and Mrs. James Gray and family, Mr. and Mrs. L. Kemp and family, Mr. and Mrs. S. Rowe and family, Mr. and Mrs. Geo. Brown and family, Mr. and Mrs. L. P. Robert, Mr. Wilfred Goddard, Myrtle and Violet (Edmonton), Mr. and Mrs. Sam Simister, Mrs. S. McKay, Mr. and Mrs. E. A. Harper, Mr. and Mrs. Harold Pinkney, Mr. and Mrs. F. M. Thompson and family, Mr. and Mrs. Chas. Harrison and family, Mr. and Mrs. Younghouse (Bellevue), Mr. and Mrs. Moses Johnson and family, Mr. and Mrs. T. O. Davies (Hillcrest), Mr. and Mrs. Gordon Steeves, Kerr Bros. (Bellevue), Mr. and Mrs. Sam Emsie and family, Mrs. F. M. Pinkney and Roland, Hillcrest Welsh Society, Greenhill Mine Staff, the Officers and members Greenhill United Church, Bellevue United Church Board and Ladies' Aid, Members of West Canadian Collieries Ladies' Aid, Blairmore United Church, Members Crowview Rebekah Lodge No. 66, Members of Blairmore Lodge No. 68, I.O.O.F., Bellevue United Church Choir, Hillcrest Concert Party, Mr. and Mrs. Joe Fumigalli, Mr. Walter Fisher and Edna, Mr. and Mrs. C. J. Tompkins and family.

the I.O.O.F. Grand Lodge sessions.

A social was spent at the home of Mrs. J. Ellison, in honor of the daughter of Mrs. E. Blake.

The Bellevue United church choir journeyed to Hillcrest on Sunday evening, and took part in the service by rendering two anthems and officiating as a choir.

The Bellevue intermediates defeated Pincher Creek in a fast and clean game of basketball 35-32.

The Ladies' Aid of the United church held a valentine tea and apron sale on Saturday afternoon.

The Coleman Canadians and Bellevue Bulldogs played to a four-four draw in the "B" section of the league for the Morgan cup.

WORLD HAPPENINGS BRIEFLY TOLD

The population of Indian reserves in Manitoba has increased from 10,370 to 12,524. Nelson is the largest reserve.

Highway construction will be resumed in British Columbia, assisting 7,000 in relief camps and 10,000 others.

The government of Alberta has no intention of shortening the school year. Hon. Perren Baker, Minister of Education, told Alberta school trustees.

Up to December 31, a total of 309 permits were issued for transportation of liquor into the Northwest Territories, totalling 549½ gallons of spirits and 28 barrels of beer.

The defence ministry issued a formal denial of "charges made in Paris that Germany is building up a secret a war machine stronger than that of 1914."

Mahatma Gandhi's spinning wheel, clock, cupboard, typewriter, two iron safes and \$10 in cash have been seized by the government at Ashram for non-payment of taxes.

The Moslem population of India is loyal to the British Empire, Abdullah Yusuf-Ali, of Hyderabad, said on arrival at Winnipeg for a series of lectures.

Lieut.-Col. Thomas J. Murphy, K.C., 75, died unexpectedly at his home in London, Ont. He was a former member of the Canadian Blesley team.

Damage to Dartmoor prison during the recent revolt was set at \$15,000 and the official inquiry has shown the prison officials as a body, behaved well.

Prohibition in Finland will automatically come to an end on April 5 under the terms of the new alcohol law which was signed by the president.

A United States senate bill to release government wheat for relief purposes was rejected by the House of Representatives Agriculture Committee.

An amendment to the motion in reply to the Alberta speech from the throne was defeated by 27 to 19. The amendment urged a halt to waste and asked a probe of the taxation question.

Newspaper Veracity

A Subtle Difference Exists Between News and Truth

As for the people who "never believe what they see in the newspapers"—well, they are just humbugs; are fooling themselves. Most of the people who talk that way—it is one little way of feeding their vanity—have no sources of information but the newspapers. No other sources of information about what is taking place in their city, in their province, in their own country, or in the world.

Experienced newspapermen don't take these alleged doubters very seriously. They know the type very well; know them as the sort of people who, as a matter of fact, believe nearly everything they see in the newspapers. Newspapers, in the very nature of things, are often compelled to print statements that are open to doubt. They print such things in a qualified way as news—and there is a difference between news and truth—trusting to the intelligence of their readers to use their own judgments. They are often chagrined and amazed to hear supposedly intelligent readers repeating this class of news as though it were the gospel truth; it was never intended to be. Usually they are the people who, pretending that they are sophisticated and cynical, talk wisely about their skepticism of newspapers.

Study Tuberculosis At University

Dr. Lamb Directing Five-Year Campaign At McGill

Direction of a five-year campaign against tuberculosis among Canadian university students has been entrusted to Dr. A. S. Lamb, director of the Department of Education at McGill University, who has returned from the twelfth annual convention of the American Student Health Association, held in New York City.

Alarm at the prevalence and spread of the "white plague" among university students was revealed in a paper read by Dr. J. A. Myers of the University of Minnesota. The convention decided unanimously to embark on a five-year period of study, during which time a relentless war is to be waged against tuberculosis. Figures and statistics also will be obtained.

Comparatively little information is available on the extent of the ravages of this disease among university students, it was stated, and Dr. Lamb was assigned to direct the study throughout Canada.

Speaking on the importance of the campaign, Dr. Lamb called the menace of tuberculosis to university students a "very serious one." Due possibly, as some specialists believe to the strain of studies, tuberculosis is inclined to develop much more rapidly in students than might otherwise be the case, he said.

By Annette

THE SHOULDER CREEPEL—SUCH A SMART CAFELET FOR NOW

And this distinctive model includes all the tailored chic possible for street wear for early spring.

It is a small, patterned printed crepe silk in a very favoured scheme in navy blue and white. Plain white washable crepe silk makes the darling vest. It can be tucked in place so as to be readily removed for laundering.

Besides printed crepe, are plain crepes also nice mediums. The rough crepe silks are exceedingly modish. Sheer woolsens are also suitable.

Style No. 971 is designed for sizes 16, 18, 20 years, 38, 40 and 42 inches bust. Size 16 requires 4½ yards of 39-inch material.

Spring is the most important, the most colorful season in fashions. All the more reason why you should have an authentic guide, such as our new Fashion Magazine, to show you the way in design, colors, etc.

Price of pattern 25 cents in stamps or coin (coin is preferred). Wrap coin carefully.

NOTES ON GARDENING

INFORMAL PLAN BEST

It is not necessary nor advisable to cover the whole place with flower beds. Better results can be obtained by seeding with flowers, shrubbery and creepers which will lend privacy and screen unlovely fences and abrupt, straight lines. As for experience, every one must start somewhere. This will come as spring and flowers will come, and we will enjoy the process. It is preferable to plot our plans on paper, roughly drawing them to a scale. If one is the owner of the property something permanent should be worked out, the development to take place over a period of years. Against the house, breaking the rigid lines and corners, will be creepers such as Boston Ivy and Virginia Creeper. In front of this we can put shrubbery or perhaps a tree or two and then flowers, perennials or annuals, or maybe some spring flowering bulbs to go in next Fall. Generally speaking, the informal plan is much the best. This will mean the taller-growing plants like the dahlias, cosmos, giant zinnias, delphiniums, hollyhocks, annual larkspurs and such things at the back, gradually tapering down to the little things like dwarf nasturtiums, marigolds and finally alyssum, lobelia and other edging plants. There will be paths to lay out, which should curve around the corners, or if there is not a reason make one by setting out a group of shrubbery and winding your path about this; straight driveways, garages, necessary but ugly, telephone poles to screen. In our plans we must take several factors into consideration. The time of the year is important so that we will have something in bloom all the time. Colors must be noted to prevent clashing and heights also, or we may have one flower hidden by another. But we have all this vital information in the seed catalogue which, along with a good bulletin on gardening, procurable from either the Provincial or Federal Departments of Agriculture, we can use thoroughly posted, carrying out the informal plan, it is well to plant flowers in clumps of several specimens of the same variety and colour.

ADD NEW VEGETABLES

The old-time garden was a bit light on variety and also rather short in the length of season for the vegetable garden. We had a taste of green stuff like lettuce and spinach, a few meals of peas and beans, and then depended largely on potatoes and carrots with a little corn to see us through the season. That is not necessary today, and this is the time with a pencil, paper and catalogue to make sure that our garden does not lack variety. From a few weeks after planting time we should have the first radish, lettuce, cress and onion from sets, and if we make several sowings of the seed at weekly intervals these things will keep coming on for a month at least. Shortly afterwards the first sowings of spinach will be ready and by taking out every other plant, for the first meal, rather than cleaning up the row, the season will be extended. Again, with successive sowings and the use of early, medium and late sorts we will have fresh spinach coming on for a month or six weeks. About this time our first head lettuce will be ready and also the early peas from which we start picking forty-five or fifty days after sowing. With a use of two or three types and two sowings a week or ten days apart, peas will last for six weeks, while in some localities it is possible to sow in late August and have a fall crop. By now we are in July, and the first Irish Cobbler potatoes, or other early types, should be ready to dig, and also some carrots and beets. About this time, too, we should be switching to Cos lettuce, which is sown later than the leaf or head sorts, and thrives in hot weather. Early beans of both the green and butter type will be ready, and if sown at intervals should keep coming on right through the summer. Second sowings of carrots and beets will follow the early crop. Broadbeans, a delicious and substantial vegetable, very popular in England, will also be ready now, together with Swiss Chard and perhaps the first row of spring-sown, extra early Bushing Corn. This is the bantam type, almost as good quality and a week or ten days earlier. It is possible to have tomatoes from early plants, staked and well cultivated and fertilized, at the end of July.

Customers Officer (examining passport)—"Have you any proof that this young lady is your wife?"

Hespecked Hubby—"No, I haven't, but if you can prove that she isn't your wife, I'm sure."

The British Museum has a stuffed Anascomba measuring 29 feet long.

Utterly Worn-Out

Mrs. Fitzpatrick Tells How Dr. Williams' Pink Pills Made Her Well.

Can Now Run Upstairs.

"I became run-down and unable to do my work for a family of seven," writes Mrs. W. P. Fitzpatrick, Minneapolis, Minn. "I was tired all the time, and I took treatment, but with very little improvement. Finally my sister, who had had the same disease, advised me to try Dr. Williams' Pink Pills, as they had done her so much good. I have taken seven boxes. Today I'm well; able to do my own work; no more tired feeling or weak spells. I can run upstairs without puffing. I sleep and eat well. My friends are astonished at my changed appearance and never fail to ask what I'm taking. My reply is: 'Dr. Williams' Pink Pills.'"

Dr. Williams' Pink Pills actually create an abundance of new red blood, which is the reason why they have given new vitality and strength to the people of such nervous exhaustion and overworked women. Equally helpful for growing girls. At your druggist's in the new glass container. 50¢ a package. 25¢

Money and Distribution

Saskatchewan Editor Publishes Interesting Booklet On Economics

C. C. Stuart, editor of the Dundurn Enterprise, has recently published an interesting booklet of fifty pages, in which he sets forth a thought-provoking discussion of the present economic conditions under the title "Money and Distribution."

Nationalization of the banking system and abolition of the gold standard are advanced by the writer as possible methods of restoring credit, and stabilizing prices. Gold, he declares, is not a reasonable basis for currency, since it is not a useful commodity, and there is no real demand for it. Money is valued only for the goods which it may purchase, and therefore it should be issued on a basis of the national wealth.

Mr. Stuart advocates a national clearing house, in which records are kept of the wealth of the nation in terms of the goods it produces, and in which there are also records of the credit due each individual. On this basis, tokens could be issued, which would be used by the people in Canada.

Gold or silver is not necessary in international trade, he continues, since "if international trading is carried on, the commodity prices must rise and fall together in each country." He goes on to say in this connection that the relation between wheat and the dollar will vary in like proportion as between gold and the dollar.

The relation of such a standard of currency to inflation, holding of property, and other phases of economic life are discussed in a clear and logical manner, and the book is written in a direct and interesting style. Plans of the government of Mr. Stuart, by forwarding fifty cents to his office at Dundurn.

Recipes For This Week

(By Betty Barclay)

COCONUT MACAROONS

5 tablespoons sugar.
2 egg whites, stiffly beaten.
¼ cup shredded coconut, chopped.
¼ teaspoon almond extract.
Beat sugar into egg whites and continue beating until mixture stiffens again. Beat in coconut and almond extract. Drop by teaspoons on waxed paper on baking sheet. Bake in moderate oven (325 degrees Fahrenheit) 20 minutes, or until done. Cool slightly, dash cold water on under side of paper on which macaroons were baked, and remove macaroons with spatula. Makes 16.

PEANUT SOUP

½ cup peanut butter.
3 cups rich milk.
1 tablespoon butter.
2 tablespoons flour.
1 teaspoon sugar.
Salt and pepper.

Melt the butter, add the flour and stir until smooth. Add milk gradually, stirring until thickened and flour is cooked. Add peanut butter and seasonings, mixing well. Serve with crisp crackers.

Shipments Completed

Shipments of buffalo meat and hides from Wainwright have been completed for this season, according to N. B. Walton, general superintendent of transportation for the Canadian National Railways. Approximately 1,200 animals were slaughtered.

A fossil skull of a primitive dog has been found at Crocker Springs, California, and is pronounced a species of "dog heretofore unknown to science."

Many miles of railways in British are to be electrified this winter.

SUNDAY SCHOOL LESSON

FEBRUARY 21

JESUS THE GOOD SHEPHERD

Golden Text: "The Lord is my shepherd; I shall not want."—Psalm 23.

Lesson: John 10:1-42.

Devotional Reading: Psalm 23.

Explanations and Comments

Jesus, True Shepherd and the False Shepherds, verses 1-5.—Jesus is still speaking to the man to whom He gave sight, and to the Pharisees who had excommunicated the man and had condemned Jesus as a sinner for doing this deed on the Sabbath, our lesson last week.

"Verily, verily," Jesus began, thus drawing attention to the importance of the doctrine that was to follow. Then he pictured an Eastern shepherd—large, open enclosure with a fold—where the flock of sheep of several shepherds were kept during the night—into which a thief seeks entrance by climbing over the wall that encloses it, but the shepherd enters by the right way, through the door which the porter opens for him. The sheep know the shepherd's voice and come at his call. He leads them out, going before them and they follow him from a stranger they will fee, if they do not know his voice. A flock of sheep is not driven in the East as in our country.

"Jesus' method is not that of compulsion, but that of attraction. He does not force, he draws."—Francis Greenwood Peabody.

Jesus As the Door, verses 6-10.—"The Pharisees who claim to be the spiritual guides of the people, could not see that Jesus was describing them under the picture of thieves and robbers and the man formerly blind could not grasp the comforting thought that he was independent of the Pharisees because they were false shepherds who did not themselves know the way into the fold, into the Kingdom of God. The Pharisees thought that by excommunicating the man they had closed the door into heaven for him. Jesus therefore explained the picture he had drawn. 'I am the Door of the sheep.' He announced that he was the shepherd whom the sheep may enter the fold."

"One only Door leads up to God; 'Thou Christ His Son; Faith is the key that swings it broad; And every one Who takes this key may upward plod."—Donald A. Fraser.

Jesus As the Good Shepherd, verses 11-18.—With the statement of the purpose of His coming, Jesus changes the figure of Himself as the Door to that of Himself as the Good Shepherd. Good here does not mean kind, but genuine, true, as is shown by the contrast with the thief and the hireling, verse 12. The good shepherd layeth down his life for the sheep, while the hireling flees when wolves come, leaving the sheep to their fate. "I am the Good Shepherd; and I know mine own, and mine own know Me, even as the Father knoweth Me, and I know the Father"; in these beautiful words Jesus declares the depth of the love existing between Himself and His followers.

A western hotel boasts of a bellboy poet. Blessed if we can see, though, what a lad wants to be a poet for, when he can get a quarter for just switching on a light.

"You sometimes find a pearl in an oyster stew," remarked the waiter, pleasantly.

"But the customer only grunted. 'I'm looking for oysters.'"

A scientist says he can photograph the human mind in the act of thinking. But he's got to catch it doing it.

Keep your foods—cakes, bread, pies, cut meats, etc.—under a covering of Para-Sani Heavy Waxed Paper. You'll be amazed at the length of time they'll stay fresh, delicious! Para-Sani keeps them from staling.

Get Para-Sani in the handy, sanitary knife-edged carton. For less exacting uses ask for Appleford's "Centre Pull".

Packs in sheet form.

Using Convicts To Settle French Guiana

France Is Encouraging Ex-Prisoners To Open Up New Colony

Administrative reforms and a new spirit of colonization are rapidly changing the atmosphere of Devil's Island, the world's most famous prison colony.

Officials of the Colonial Office at Paris created the new Inini territory in French Guiana. Hard-bitten convicts who have served out their servitude under a tropic sun are looking southward to a new El Dorado, said to be rich in mineral and agricultural wealth.

No new colonists are to be sent there, but ex-prisoners are being encouraged to settle. Formerly the only thing for a liberated man to do was to try to find work in St. Louis, Macouria or some one of the other coast towns.

About thirty years ago an attempt was made to transport Indo-Chinese colonists to the district, but it was a failure. Instead of clearing and farming the rich jungle land they became town merchants and servants for the households of the French administrative officers.

Arabs, Negroes and some native Indians made up the greater part of the free population. These men have refused to open up the country. Some Indo-Chinese fishermen, the last of a band of pirates sent here years ago, cast their nets in the coastal waters.

Almost all sentences to the prisons carry with them exile for a number of years after the completion of the term. Thus men who have done twenty years penal servitude must remain another ten or fifteen years. These men France expects to use as colonists.

Effects Of Depression

Economic Crisis Leads To Numerous Mental Breakdowns

An astonishing number of mental and psychic breakdowns, especially among the leaders of business and finance in the world, has resulted from the economic crisis, according to Dr. C. C. Jung, the celebrated psychoanalyst.

In an exclusive interview with the United Press at Zurich, Switzerland, Dr. Jung, who once was a disciple of Freud, but who broke away to establish his own school of psychoanalysis, declared that many of these patients "have lost their faith which, under normal conditions, helped them to maintain their mental equilibrium."

The starch in a cooked potato digests more rapidly than any cereal.

We're Glad To Be Here

Safeway Stores is glad to bring to Blairmore the advantages of economy and service that have made our stores so popular in other parts of this country.

We opened our first stores in Canada, October 18th, 1929. Their public acceptance was immediate and enthusiastic. In the months that have followed their popularity has increased steadily, until today there are 140 stores in Western Canada serving thousands of people conscientiously and satisfactorily, and many families depend entirely upon Safeway Stores for their food supplies.

Quite frequently, when it becomes known that Safeway is coming to town, others in the food industry, knowing our policies and the advantages therein to the consumer, immediately revise their prices downward, directly admitting that their methods have been wrong. Since we bring to you greater values, larger savings, and a more courteous, interested and satisfying service than perhaps you have been accustomed to, we believe that you will wish to trade with us, and to this end we pledge our strength.

Every item sold by Safeway bears an unconditional guarantee to satisfy. If for any reason it does not, the money will be cheerfully refunded.

Safeway employees in the Blairmore store pledge their loyalty to the community of Blairmore, will be pleased to carry their full share of the community's burdens, and willingly discharge every civic duty. To assist in this and to better serve you, they are anxious to know you, and invite you to come in and get acquainted.

Announcing our Opening

Some Facts About Us

To date, Safeway has invested more than \$3,000,000.00 in permanent improvements in Western Canada.

Has built 128 new store buildings in 59 different cities and towns.

Has paid \$167,700 in taxes to Canadian governments.

Has left with consumers in the various communities more than \$8,500,000.00 through savings on purchases made in SAFEGWAY STORES. (Compiled and estimated by Bureau of Statistics).

In 1930 gave \$3,222 to charity.

About Our Employees

A recent survey disclosed that 692 persons are employed by Safeway in Canada, of which 89 per cent are men; 52 per cent are married, and 1,682 people are directly dependent upon Safeway for support.

Of the employees 48 per cent are natives of Canada; 48½ per cent other British subjects; 3½ per cent, or 24 persons, came from the States; 38.5 per cent of families represented on our payroll own their own homes; 35 per cent own radios; 94 per cent read a local newspaper; 60 per cent of our employees paid \$24,057 in taxes for 1930, an average of \$59.70 per taxpayer. (This does not include taxes paid by the company).

54 per cent gave to charity, a total of \$7,729 in 1930, an average of \$18.18 per contributor. (This does not include donations made by the company).

10 per cent belong to civic organizations; 35 per cent belong to fraternal organizations; 96.5 per cent are affiliated with some church.

You may hear a discrepant story about us, so save these figures and remember that we have a lot more of them should you be interested.
